## Your NEW HIRE Open Enrollment

As a benefit eligible employee this is your opportunity to consider **protecting your family financially** in the event of death. Other benefits provide you with the opportunity to **offset the deductibles and copays** associated with your medical coverage.

*Don't miss this Guaranteed Acceptance offer, no health questions!*

**Voluntary Term Life Insurance / AD&D Insurance** is an affordable way to leave your loved ones money if you die. They can use it to pay for housing & other expenses, including your final arrangements. Some plans include an Accidental Death & Dismemberment (AD&D) benefit, which pays an additional amount if you die in a covered accident. If you have a serious accident & survive, it can pay a benefit for certain injuries like the loss of vision, hearing, or limbs.

**Accident Coverage** can pay money based on the injury and the treatment you receive, whether it's a sprain or a broken bone. Your plan can pay benefits for emergency room treatment, stitches, crutches, injury-related surgery, and a list of other accident-related expenses. Coverage also available for spouse & children.

**Critical Illness Protection** can help protect your finances from the expense of a serious health problem, such as a stroke or heart attack. Cancer coverage is also included. This plan pays a lump-sum benefit directly to you - not to a doctor or health care provider - at the first diagnosis of a covered condition. You can also purchase coverage for your spouse and dependent children.
