Approximately 15 million Americans have their identity stolen every year

Aura DigitalGuard Complete Family Plan

Today we use websites, devices, and apps to do nearly everything. While convenient, this connectivity can make you and your loved ones prime targets for scams, cybercriminals, and online predators. That's where Aura comes in. Aura is a **digital safety app** that protects the things you care about most – your finances, identity, family, and tech – from online threats. The DigitalGuard Complete Family Plan provides comprehensive protection for you plus 10 additional adults and unlimited minors. Each adult gets \$5M in ID theft insurance, 24/7 support, and White Glove Fraud Remediation to help if they are a victim of fraud. Your plan provides complete digital protection, all in one app that:

- Monitors financial accounts and credit profiles with all three credit bureaus and alerts in near real-time if fraud is detected, with the option to instantly lock credit
- Keeps online accounts, passwords, and identity secure
- Removes personal information from online sites that can sell it to ID thieves and scammers
- Secures internet connections and online activity across unlimited devices
- Provides Parental Controls to block harmful content and manage screen time
- Monitors adults' and kids' social media accounts and provides reputation and cyberbullying protection
- Stores and protects important digital assets and passwords securely
