Universal Life Protector

Flexible protection
that lasts a lifetime

Helps cover you and your family for just a few dollars a week

Imagine what your family would do if they didn't have your income. Or what if you no longer had your spouse or partner's income? If you or your family couldn't cover basic expenses—or long-term expenses like college—on one salary, then you need life insurance. In fact, four in ten U.S. households would have immediate trouble paying living expenses if the household's primary wage-earner died, according to the 2023 Insurance Barometer Report by Life Happens and LIMRA.¹

Universal Life Protector offers a safety net with lifetime protection starting at just a few dollars a week, depending on your age and other factors. And unlike standard term insurance, with Universal Life Protector, income earned on the cash value grows tax-deferred with a guaranteed interest rate of 2.5 percent compounded yearly.

For about the cost of a weekly latte, you could have:

- Coverage for your spouse, children or grandchildren—even if you're not covered
- Accelerated Benefits Rider—no additional cost
- Flexible Premiums—you can lower or even skip a premium payment after you have built up sufficient account value cash reserves to cover the cost of protection
- Portable—you own the coverage so it's still yours if you change jobs or retire

Nearly 50% of U.S. consumers say they would face financial hardship within 6 months if a wage earner died unexpectedly.²
