and those that make the community a better place to live.**

### *What is Homes for Heroes?*

Homes for Heroes® is an organization that was formed after the tragic events of 9/11 as a way say "Thank You" to the heroes of our nation. This program allows us to give back to our local community heroes by giving them discounts and rebates when they buy or sell with an affiliated Homes for Heroes Realtor and Lender. We also have other professional affiliates that are willing to give back to our local heroes creating a well rounded savings package for our community heroes that continues to give back to them even after they close.

*Here's an example of the potential savings  
you'll receive from the Nation's largest Hero
