Paying cash for purchases is the best way to buy. But when cash is not an option, Purchasing Power may save you money over traditional financing options like credit cards or rent-to-own, especially if you are prone to making the minimum payment or incurring late fees.

Purchasing Power is better than other financing options:

	Purchasing Power	Credit Card	In-store Financing
Pay Over Time			
No Credit Check			
Easy Payroll Deduction			
Manageable Payments ¹			
No Ballooning Interest ²			
No Late Fees			

1. With credit cards and in-store financing, your payment may be affected by changing interest rates. With Purchasing Power your payment never changes.

2. With credit cards and in-store financing, interest rates may fluctuate.
